RESEARCH & PROJECTS

FairPlay Lab2025 – Present
Founder & App Developer

- Built a mobile app that analyzes attendance, RPE (rate of perceived exertion), match minutes, and lineup history to support fairer playing-time rotation in youth sports
- Piloted across 3 schools; patent reviewed; paper accepted to EDUAIT 2026

AI Detector Bias Research, mentored by Dr. Mani, Carnegie Mellon University**2025 – Present**
Student Researcher & Data Analyst

- Tested ~400 essays with ZeroGPT and RoBERTa; found no higher false-positive rate for English language learners and questioned detector-only judgments
- Paper accepted by The Curieux Review

EXPERIENCE & ACADEMIC PROGRAMS

UChicago Summer Immersion: Quantitative Evaluation for Public Policy**Summer 2026**
Policy Data Analyst

- Applied ITT/LATE and regression to lottery-based school-choice data; evaluated causal claims, assumptions, and alternative explanations

UCI Ethics Center: Financial Literacy, Economic Decision-Making, & Real-World Applications**Summer 2026**
Participant

- Examined financial planning and gender wealth barriers through the experiences of women community leaders in Brooklyn

Vanderbilt University Program for Talented YouthNov 2025 – May 2026
Selected Cohort, Communicating Neuroscience: Mental Health Data Visualization

- Built Python/R visualizations of clinical psychology datasets using color-coding and simplified charts; tested clarity with non-expert audiences

Columbia University Summer Program: Game Theory**Summer 2025**
Student

- Role-played classic scenarios such as the Prisoner's Dilemma with a diverse peer cohort; examined how strategic interaction shapes outcomes

Zhengyu Aluminum Co., Ltd.2024 – Present
Financial Assistant (Internship)

- Cleaned financial data and co-built an AI-assisted Excel dashboard that turned factory-floor activity into inputs for operational decisions

EXTRACURRICULAR & VOLUNTEERING

Varsity Basketball, Basis Independent BrooklynNov 2025 – Present
Member (Rotating Roles)

- Practice 3x/week; co-organized game-film review; rotated across guard, forward, and center roles to develop adaptability

Math Honor Society, Basis Independent BrooklynSep 2025 – Present
Peer Tutor

- Co-led competition prep groups for 10+ peers; tutored 3 peers in AP Calculus through step-by-step breakdowns

National Honor Society, Basis Independent BrooklynSep 2025 – Present
Service Lead & Member

- Led a team of 5 in neighborhood cleanups and urban farming; taught food-justice lessons to local children; 45+ service hours annually

Brooklyn Public LibrarySep 2025 – Present
Volunteer Staff Assistant

- Ran weekend homework sessions for 5 middle school students; helped patrons use library technology

Schoolhouse.worldJan 2025 – Present
Certified Calculus & SAT Math Tutor

- Tutor 4 students biweekly with targeted practice and custom study guides tailored to individual learning gaps

East Asian Culture Club, Basis Independent BrooklynSep 2024 – Present
